How to fold

- Print out your NHS Career Chooser
- With the white side facing up, fold one corner until it meets the other side
- Fold the opposite corner and cut off this flap
- Unfold the paper – it should be square
- Fold in the corners so they meet in the middle
- It should look like this. Now turn it over
- Fold the corners in again on this side
- It should look like this now
- Fold it in half
- Work the creases to form four points

How to find your NHS career

- Hold the fortune teller closed. Pick one of the colours from the outside.
- Spell out the colour, moving the fortune teller on each letter.
- Pick an option you like the sound of from the ones revealed. Count out the option's number, moving the fortune teller as you count.
- Pick another option from the ones revealed. Unfold the fortune teller to find your NHS career fortune under your chosen option.
- Visit stepintohenhs.nhs.uk to find out more about this career – or to get more accurate career suggestions from the Career Mapper.
