

You may not have expected it,  
 But NHS jobs vary!  
 A Cook, a Surgeon and a Dentist,  
 No single job is scary!

Optician or a Cleaner,  
 Both of these apply.

Medical herbs are greener  
 When a Gardener is nearby

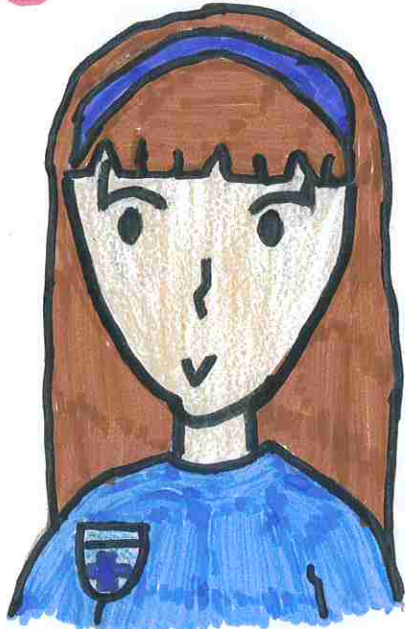

Paramedics and Receptionists,  
 They do lend a big hand.  
 Also Physiotherapists,  
 Are always good to have.

There are many more jobs,  
 fitting into the NHS.  
 Office workers, Even Teachers!

And 339 more that we havent even mentioned,  
 Different gender, Different race?  
 Everyone is the same.
